

<p>Reading - As we still have a number of chapters to enjoy, we will continue to read The Explorer. This will be supplemented with Five Children and It.</p> <p>We have elected two 'Reading Ambassadors' from Owls class, which is a role we will be developing this half-term. Part of their role will be celebrating reading and making recommendations to their peers on books to read.</p>	<p><u>Owls Class</u> <u>Summer 2</u></p>  <p><u>Key dates:</u></p> <p>Sports Day - 6th June (back up date 13th June) June 18th - Stour Valley in school for Year 6 children - transition July 3rd - Wells Hall Active Day July 7th and 8th - Year 6 Transition days July 22nd - Final day of term</p>	<p>RE - We will continue to focus on the Islamic religion and explore how Tawheed helps to create a sense of belonging in the Muslim community.</p> <p>PSHE - our unit this term will focus on healthy lifestyles. We will cover healthy eating, physical activity, online wellbeing and influences, choices and taking responsibilities.</p>	<p>Writing - For writing, we will cover a number of genres, including Balanced Arguments, Biographies and Playscripts.</p> <p>Spelling - each week, we will focus on a different spelling pattern or list of words from the Yr5/6 statutory spelling word list.</p>
<p>PE - Orienteering Children develop map-reading and problem-solving skills as they navigate courses using simple maps and keys. They work independently and in teams to complete challenges, improving their spatial awareness and decision-making.</p> <p>Athletics Pupils build on their running, jumping, and throwing skills, focusing on improving technique, speed, and stamina. They take part in a range of athletic events and learn how to measure and evaluate their personal performance.</p>	<p>Geography - Where does our energy come from? This unit allows us to explore renewable and non-renewable energy, examples of energy and their trading routes.</p> <p>History - What can the census tell us about local areas? We will use a range of resources to explore changes since the first census.</p> <p>Computing - We have an exciting unit coming up where we will be creating podcasts</p>	<p>Science - Children revisit how fossils are formed, building on their Year 3 learning. They will deepen their understanding of fossilisation and learn that fossils are imprints of living things from the past. Through research, they explore how fossils provide evidence for evolution by showing how life has changed over time.</p> <p>Design and Technology - After building structures to make a playground, we will next focus on designing and building mechanisms.</p> <p>Art - sculpture and 3D - making memories. The children will spend time designing and then making a 3D sculpture to represent memories through imagery and colours.</p>	<p>Maths - We have a busy half-term for Maths, with a range of units to focus on. These are: Algebra, Shape, Position and Direction, Statistics and Converting units.</p> <p>We will continue with our Mastering Number sessions and will have regular access to multiplication practice.</p>
